

From 01.01.2022 the University of Vienna offers the position of

Study Assistant at the Department of Geography and Regional Research

The Institute for Geography and Regional Research is part of the Faculty of Earth Sciences, Geography and Astronomy. The position is intended for the working group on Digital Geography [[Link](#)].

Extent of employment: 10 hours / week.

Classification according to collective agreement: §48 VwGr. C

Work experience determines the classification and thus the remuneration.

Your tasks:

- Handling of the group's geodata (maintenance & collection).
- Testing of software and replication of tutorials and practical work.
- Participation in the design and execution of in-class games & interactive activities.
- Support in revising and creating educational material.
- Offer feedback and suggestions to the professor on how to make the class more interesting and efficient for student learning.

Your profile:

Eligible are all Master students of the following programs: Geography, Cartography and Geoinformation, Spatial Research and Planning, Urban Studies.

Qualifications:

- Interest in teaching and research content of Digital Geography with spatial focus on:
a) spatial statistics, b) geocomputation, and c) location privacy.
- Good skills in GIS software (e.g., ArcGIS).
- Good command of English.
- Critical thinking, initiative, independence, and reliability are essential skills.
- Patience, communication, and commitment to work with students.
- *Knowledge of Python scripting is advantageous for this position.*
- *Knowledge of (spatial) statistical analysis and software is desirable.*
